

How to download Software on USB Flash Drive

1. Select the software version for you model by clicking on the 'Download' section of the Software Update section of the website www.strong.com.au.
2. A window will appear on the screen, select 'Save' option and save the file to your desktop.
3. Select Close option.
4. Right click on file saved to desktop and select Extract Here option.
5. Plug you USB Flash Drive (or stick) into your PC.
6. Right click unzipped file and 'Send To' your USB Drive on PC.
7. Remove you USB Drive from PC and plug into USB Port on your Set Top Box or DVR.
8. Follow instructions in your Set Top Box manual to access USB and download file onto your unit. Usually it is through Menu and Disk manger or similar.
